# Principal's Message

Dear Partners-in-Education,

I am indeed honoured to be able to continue working for Gongshang Primary School and serve the pupils, parents, teachers and the community. My staff members remain committed and dedicated to developing the social, emotional and academic excellence of Gongshangers who deserve no less. They work together to improve their skills and competencies and are continually seeking innovative ways to engage and inspire our young charges. As we move forward, we will continue to support every Gongshanger and provide them with a safe and conducive environment for learning.

At Gongshang Primary School, we strive to provide Gongshangers the rich learning experiences to help them achieve their greatest potential and prepare them to compete and excel in the global 21 century society. From the words of Martin Luther King Jr, "The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education." Education is not just about teaching facts and figures. It is also about building character. Our commitment to you remains unchanged – Gongshangers will uphold the values of perseverance, thrift, integrity, respect and be able to face challenges and lead where others follow.

We also believe that in order to be successful, Gongshangers need the support from both the home and school. Hence, we recognise the need to work closely with parents and care givers to support them in their holistic development. As partners in education, we share the responsibility of the success of each Gongshanger. We will do our very best to carry out our mission. We look forward to a positive, rewarding and enriching academic year ahead with your continued support.

Yours faithfully,

**Mdm Jackie Kok Chow Hiong**  
**Principal**

# Brief History of the School

The school was founded in 1920 by Mr Shi Su and was originally known as “The Chinese Industrial and Commercial Continuation School”. It had humble beginnings at 267 Tanjong Pagar Road as a night school. It catered to the needs of young migrants from China and was financed by donations received mainly from the Chinese community. The late principal, Mr Lin Zeyang (1921 – 1948) looked beyond the needs of basic education and incorporated vocational training in the curriculum, a move unheard of then. The Old Boys’ Association was set up in 1923 and was a strong source of support for the school. At its height in the 1950s, the school had a record 3800 student who attended both day and night school. In the late 70s, due to problems of urban development and aging population in the vicinity, the school population plummeted to 105. It was during this difficult period that the school management agreed to the Government’s proposal to become a government school. It became a government school in 1985 and was renamed “Gongshang”, retaining the original meaning of “Industrial and Commercial” to mark its roots.

Since the tumultuous days of its founding, Gongshang Primary School has seen better days. It had moved from Enggor Street and York Hill in Outram Road to its present campus in Tampines. Today, Gongshang is a school that continues with the rich traditions of its history, emphasizing a strong Asian tradition and culture. At the same time, the school is moving on with a focus on innovation and creativity. Gongshang will work with our partners, in particular our parents, to take the school into another phase of excellence, providing to all who pass through its gates a total education for life.

# School Rules 2017

The Philosophy of Gongshang's Discipline is "Discipline with Care". Every child and adult in the school has the right to a safe and conducive environment for learning and teaching. Thus, everyone in the school has the responsibility to ensure the safety of themselves and others by behaving in a reasonable manner.

The eventual goal of Discipline is Self-Discipline, which is anchored on the school's core values of Respect, Integrity, Perseverance and Thrift as well as the core values of Responsibility, Resilience, Care and Harmony.

In order to achieve this, the school rules state the conduct expected of Gongshang pupils. When a pupil misbehaves within school or outside school, appropriate corrective actions will be taken to help him/ her to improve. In line with the educational goal of character building, one of the corrective actions is the award of "FAIR" for Conduct grade. A pupil awarded a "FAIR" grade will NOT be eligible for any School or National Award, including Academic, CCA, or Edusave Awards for that year.

# Pupil Matters

## 1. Your Child's Character

You can help the school instill values in your child. The key school values are Perseverance, Thrift, Integrity and Respect.

You may help us by:

- a) Giving an appropriate amount of pocket money.  
Please do not give your child too much pocket money. We want our children to learn to be thrifty and that having too much money may encourage wastefulness.
- b) Inculcating responsibility.  
Encourage your child to be responsible by making sure all school work is done, and having the child pack his/her own bags according to the school timetable. **Do not offer to bring in textbooks/homework which your child has inadvertently forgotten to bring to school and refrain from asking the office to pass messages to your children.** Allow him/her the opportunity to learn to take responsibility of his/her action.
- c) Going through the "My Learning Journal" with your child regularly and helping your child set goals by using the GROW ME MODEL. You may also encourage your child to display the school values by acknowledging in the "My Learning Journal" as and when he/she displays the desired school values.

## 2. Your Child's Work

### • Consultation with Teachers

You may wish to consult your child's class teachers regarding class work or behaviour from time to time. To maintain instructional time as a priority, please call for an appointment before you come to meet up with the teachers. The list of telephone numbers (general) and email address of teachers can be found in this handbook.

### • Homework

The school takes homework very seriously. Your interest and involvement in your child's studies will encourage your child to do well. Please help us by setting aside a time for your child's learning and to restrict the amount of leisure time for your child. Beyond this, completing homework from school should remain the responsibility of the pupil. Pupils are expected to be punctual in handing in work.

Your child's books/files will be returned regularly to you for signing. Please go through your child's work and discuss with your child ways to improve his/her work.

## 3. Your Child's Health

### • Health Problems

When the school conducts its Pupil Health Declaration Exercise, please provide details of any existing medical condition that your child has. Outside the declaration period, as and when it occurs, please alert the Form Teacher if your child has any health problem.

### • Illnesses and Absence from School

When your child is ill, please inform the Form Teacher. As part of social/community responsibility, do not send your child to school, even if it is the examination period. A medical certificate, email or letter from parents is required to cover any absence from school. If your child misses examinations, he/she will be assessed and promoted based on his/her overall performance for the year. If your child is unwell while in school, a teacher or office staff will contact you to make the necessary arrangements for you to fetch your child home or to consult a doctor. If emergency treatment is needed, the school will contact you that we are sending your child to the nearest clinic/hospital and to make arrangements to meet you there.

### • Medications

The school is not permitted to use medicated creams/ointments on pupils with head/stomach aches, abrasions or insect bites. Instead, basic first-aid such as comforting, rest and reassurance, icepack to reduce swelling/pain, washing/soothing with water, use of non-medicated sterile plasters, cleaning with saline solution and plain wound dressing will be rendered. If your child needs to use medication, please teach your child how to use it, pack it into their school bags and remind your child to inform the staff giving first-aid. The staff will usually ask your child if he/she has medication. If your child requires an inhaler, please ensure that he/she knows how to use it and to bring it to school.

- **Immunization and Health Booklets**

Your child's immunization certificates and Health Booklets would be required by the School Health Team during health screening exercise. The school will give parents notice of this as early as possible.

- **Health-related Exercises and Measures**

- a) **Temperature-Taking Exercises**

Such exercises are usually conducted after the longer school vacations, to check on pupils' well-being. Parents will be given prior notice of this. Please ensure that your child brings a working Oral Digital Thermometer (ODT) to school on the first day after the school vacation.

- b) **Haze Management Measures**

The school has to comply with requirements stipulated by MOE, MOH and NEA. In addition, the school may implement additional measures which it deems necessary. We seek your understanding and cooperation on these measures. However, the school will respect your decision if you choose to keep your child at home during hazy conditions. Please inform the Form Teacher of your decision through a letter or email.

- **Dental Health**

The dental therapist at the School Dental Clinic will provide free dental treatment and advice.

Opening Hours	Mon – Thu	8.00am – 5.30pm
	Fri	8.00am – 5.00pm

Dental Consent (For P1 and new students only)

Parents who wish to enrol their child/children for free dental treatment in the school will need to go to <http://childconsent.hpb.gov.sg> to give consent. Please approach the dental staff in the school should there be any problem.

#### 4. School Examination Policy

In the interest of all pupils, pupils who are unwell will not be allowed to take the examinations. Pupils have to be covered by medical certificate for missing any part of the examinations. There will be no make up examination papers. Pupils who missed a part or component or the entire paper for an assessment or Semestral Assessment (SA) will be given a 'VR' (Valid Reason) if he/she has a valid reason. As such, if a pupil had missed his/her SA for a particular subject, his/her overall marks for that subject will be computed based on his/her achievement in the other SA – either SA1 or SA2. Please refer to Table 1 below as a point of reference:

**Table 1**

Example	SA1 (%)	SA2 (%)	Overall (%)
Pupil A	VR	80	80%
Pupil B	80	VR	80%
Pupil C	VR	VR	VR

- a) To ensure that all pupils are assessed on a level playing field, one of the key consideration is consistency of assessment for the entire year's effort. As such pupils with a VR grade in the Semestral Examination will not be eligible for any internal academic awards.
- b) Pupils who are transferred into the school in the middle of the term and other pupils who have missed certain components of the school assessments, comprising of more than 10% of the overall total marks for the subject, will not be eligible for internal academic awards for that year.
